THE Catalogue of Copyright Entries appears each week. As the weekly issue of Part 3 (Musical Compositions) would necessitate, however, a possible search through 52 alphabets in each year to locate any given title, this inconvenience is avoided by printing all the music of each month in one alphabet, so that a search for any musical work deposited for copyright during the year requires an examination of only 12 indexes instead of 52, as formerly.

All entries are arranged alphabetically by title, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music, the title of which is the name of a class without differentiating word (e. g., "Waltz," "Hymn," etc.), which are arranged under the name of the composer instead of the title.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no musical work being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry, the statement of the receipt of copies is not made but is understood.

The notice after the first title, if printed in full, would read "Copyright by B. Schott's söhne, Mainz, Germany. Class C, XXc, no. 206161, Apr. 26, 1909; 2 copies received Apr. 26, 1909."

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891,
AND OF JUNE 30, 1906

PART 3:
MUSICAL COMPOSITIONS
INDEX

NEW SERIES, VOLUME 4

Nos. 26–30

JULY, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
1909

THE Catalogue of Copyright Entries appears each week. As the weekly issue of Part 3 (Musical Compositions) would necessitate, however, a possible search through 52 alphabets in each year to locate any given title, this inconvenience is avoided by printing all the music of each month in one alphabet, so that a search for any musical work deposited for copyright during the year requires an examination of only 12 indexes instead of 52, as formerly.

All entries are arranged alphabetically by title, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music, the title of which is the name of a class without differentiating word (e. g., "Waltz," "Hymn," etc.), which are arranged under the name of the composer instead of the title.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no musical work being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry, the statement of the receipt of copies is not made but is understood.

The notice after the first title, if printed in full, would read "Copyright by Enoch & sons, London, England. Class C, XXc, no. 208699, May 29, 1909; 2 copies received May 29, 1909."

PART 3:
MUSICAL COMPOSITIONS
INDEX

NEW SERIES, VOLUME 4

Nos. 31–34

AUGUST, 1909

WASHINGTON
GOVERNMENT PRINTING OFFICE
1909

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class without differentiating word (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©" stands for copyright of a published composition, followed by date of publication; "© 1 c." implies copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c." for 2 copies, followed by the date of their receipt. Prior to July 1, music was designated as Class "C," subsequent to that date it became Class "E."

Each issue has an index to composers. The December number, completing the volume, will have a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1.50 for the year 1909, and $1.00 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

PART 3:
MUSICAL COMPOSITIONS
INDEX

NEW SERIES, VOLUME 4

Nos. 35–39

SEPTEMBER, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class without differentiating word (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©" stands for copyright of a published composition, followed by date of publication; "© 1 c." implies copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c." for 2 copies, followed by the date of their receipt. Prior to July 1, music was designated as Class "C," subsequent to that date it became Class "E."

Each issue has an index to composers. The December number, completing the volume, will have a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1.50 for the year 1909, and $1.00 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

PART 3:
MUSICAL COMPOSITIONS
INDEX

NEW SERIES, VOLUME 4

Nos. 40–43

OCTOBER, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class without differentiating word (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c." for 2 copies, followed by the date of their receipt. Prior to July 1, music was designated as Class "C," subsequent to that date it became Class "E."

A list of the musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under Sec. 1 (e) of the Act of March 4, 1909, will be found at the end of this issue, just prior to the index.

Each issue has an index to composers. The December number, completing the volume, will have a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1.50 for the year 1909, and $1.00 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.

PART 3:
MUSICAL COMPOSITIONS
INDEX

NEW SERIES, VOLUME 4

Nos. 44–47

NOVEMBER, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class without differentiating word (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Under the Act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©" implies copyright registration of a published composition, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c." for 2 copies, followed by the date of their receipt.

A list of the musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under Sec. 1 (e) of the Act of March 4, 1909, will be found at the end of this issue, just prior to the index.

Each issue has an index to composers. The December number, completing the volume, will have a full annual index to both composers and proprietors. The subscription price for Part 3, which must be for the complete calendar year, is $1.50 for the year 1909, and $1.00 for the year 1910, payable in advance to the Superintendent of Documents by postal money order, express order, or New York draft.
